22 Junie 2020

Dear Grade Three parents and learners.

We would like to express our sincere gratitude to all of our parents for your hard work, dedication and input in your children's education during this Covid-19 pandemic when you were all faced with the challenge to home school your children for nine weeks.

Therefore, a decision amongst our Foundation Phase teachers, the HOD, Mrs Setter, and our principal, Mr Ramos, was made that there will be no further work uploaded on the Strubies webpage from week 10 (22 June) until the learners are expected back on the 6th of July.

We urge you as parents to use this time wisely. Please insure that all the work that was published on the Strubies webpage are up to date, as well as their DBE and the file work that was send home. There will be no time to catch up the work when the learners return due to time restrictions.

We have received the "Revised Curriculum Teaching Plans" from the Department of Basic Education. These teaching plans are divided into 22 weeks, however, due to the fact that we are only seeing the learners on alternative days, it leaves us with only 11 weeks to teach the learners.

We request that you make sure on which days your child must attend school. The learners will receive work that must be completed on the days that they are not attending school. The work will be checked the next day and corrections will be done.

All learners must wear a mask on the first day of school. New masks will be handed out in class.

Remember to visit the Strubies webpage on a regular basis to insure that you have received all the updates and important documentation and information.

Please make sure that the learners rest well, due to the fact that we have a very difficult year ahead of us, and we will have to work hard to cover the curriculum.

Thank you for your co-operation and understanding.

Kind regards.

The Grade Three Educators.
