

Dear parents:

Welcome back to week Thirteen (actually term 3 week 1). We hope that you rested well during the past two weeks, or that it gave you time to catch up on any incomplete work. Unfortunately, due to the Department of Education that changed our return dates we will have to continue with online work until we have received return dates for the learners. We would also like to say thank you for your hard work so far, we know it has been a challenging time for all of us. Just know that your hard work and effort with your children is greatly appreciated.

Week 13 (Term 3 week 1) work and requirements explained:

1. **Mathematics : Time worksheets.** Write down the given time in numbers, words or draw the hands of the clocks where they belong. Make your own clock from the worksheet provided or draw and colour your own one on a paperplate or piece of paper.

DBE book pg 122 and 123

2. **English: Choose one of the two** given **mind map themes** to plan your story. Use the given topics. 1- My magic... or 2- An exciting event in my life. When you are done planning your story you must use your chosen mindmap to create and write your own story in three paragraphs (beginning, middle, end).

3. **Life skills:** Religions worksheet: Join the religion with the correct place of worship

4. **Lastely:** Please keep to a routine at home and divide the work equally on a daily basis, so that you or your child do not feel over-

whelmed, and that it is easier for them to adapt when they return to school.

If you are running low on ink or can not manage to print out the worksheets for your child please make sure that they still write and complete the given activities on paper.

Remember all worksheets and booklets can be punched and kept in the given portfolio files on the last day of school for term / or if you have an extra file at home. Please just make sure that all the work done and given is kept in a safe place for returning to school. We as Grade 3 teachers also have seperate class Whatsapp groups for support or questions. Please feel free to ask for assistance. Enjoy the time with your child and relax! We can do this if we work together as a team.

Thank you for your support in advance.

Kind regards untill next week.

The grade 3 educators.
