

Strubenvale Primary School

August 2020

Dear Grade three parents:

The president announced that public schools will close from 27 July-24 August 2020 for all grades.

Therefore we posted work for week 17's online home programme. See attached to this letter an explanation of the work for this week. Please finish the worksheets within this allocated period, as we will start assessments shortly after the learners return.

Remember that only the learners who did not attend school during the week of 20-24 July will have to print and complete the weekly online home programme. The other learners received a workfile at school to take home and complete. This workfile contains the same work as that of the home programme. We thank you in advance for your dedication and co-operation.

Week 17 home programme:

Mathematics: Complete the place value and number name worksheets.

English: Complete the advertisement, noun and adjective worksheets. Read the poems about healthy eating and hurt no living thing. No need to print them out, it can be read on a computer or cellphone.

Afrikaans: "oo, uu" vowel sound worksheets. Complete the words and make sentences, or colour in the "uu" sound in the reading passage.

Life skills: Art elements: Balance. Complete the symmetry in the picture or colour and complete the balance art worksheets. This can be done throughout week 17-18.

Remember our Whatsapp groups if you need any assistance parents.

Kind regards and stay safe.

The Grade Three educators.
